KRYTONITE™ SWELLING WATERSTOP K-325Y5
HYDROPHILIC RUBBER WATERSTOP
SAFETY DATA SHEET
APRIL 2019

1. CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

Product Identifier: Krytonite™ Swelling Waterstop
Product Code: K-325Y5
Supplier: Kryton International Inc.

Supplier’s Name: Kryton International Inc.
Address: 1645 E. Kent Avenue, Vancouver, BC, Canada, V5P 2S8
Telephone Number: 1-604-324-8280
FAX Number: 1-604-324-8899
Web Site: www.kryton.com

Emergency Contacts & Phone Number:
Kryton International Inc. 1.800.267.8280 (Business Hours)
Call a poison center or doctor/physician in your country
BC, Canada: BC Drug and Poison Information Centre 604.682.5050
Australia: Poisons Information Centre 13 11 26
US: American Association of Poison Control Centers 1.800.222.1222

2. HAZARDS IDENTIFICATION

Classification of the Substance or Mixture:

Label Elements:
Labelling according to regulation (EC) No 1272/2008 (CLP): Not Classified.

Environmental Hazards:
No significant hazards to our knowledge.

3. COMPOSITION / INFORMATION ON INGREDIENTS

Chemical Composition: Synthetic elastomer based compound containing paraffinic plasticizers and additives.

4. FIRST AID MEASURES

General Advice
Skin Contact: Under normal handling wash with soap and water.
Ingestion: First aid not normally required in the case of small quantities being ingested. In the case of larger quantities possible abdominal pain and diarrhea may occur.

5. FIREFIGHTING MEASURES

Extinguishing Media: Water spray, Foam, Dry Powder, Carbon Dioxide. Block the supply the fire.
Specific Hazards: Dense smoke. Possible combustion products as well as carbon monoxide, carbon dioxide, various hydrocarbons (Avoid Inhalation).
6. ACCIDENTAL RELEASE MEASURES

Environmental Precautions: Prevent the product from entering the surface water drains and from entering the soil.

7. HANDLING AND STORAGE

Handling: No special requirements.
Storage: Store at ambient temperature (preferably 15 to 25°C), but avoiding if possible extremes of temperature and humidity. Outdoor storage should be avoided (i.e. avoid direct sunlight).

8. EXPOSURE CONTROL/PERSONAL PROTECTION

Personal Protective Equipment:
Hand Protection: It is recommended to wear protective gloves at all time when handling material.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Solid.
Colour: Yellow.
Odour: None to very weak aliphatic.
Decomposition temperature: >200°C.
Flashpoint: >200°C.
Auto ignition temperature: >200°C.
Relative density (20°C): 1210 kg/m³
Solubility: Insoluble in water.
Soluble in aromatic and halogenated hydrocarbons.

10. STABILITY AND REACTIVITY

Chemical Stability: Material is chemically stable under normal handling and storage conditions.
Conditions to Avoid: Excessive heat. At temperature above 230°C the material may generate fume levels sufficient to cause eye and respiratory irritation.
Materials to Avoid: Strong oxidizing agents.

11. TOXICOLOGICAL INFORMATION

Acute Toxicity: None.
Local Effects: None.
Chronic or Long Term Toxicity: None.
Sensitization: None.
Special Effects (carcinogenicity, mutagenicity, teratogenicity, narcosis): None.
Exposure routes:
Ingestion: Minimal toxicity. May cause obstruction if swallowed.
Skin Contact: Negligible hazard at room temperature.
Inhalation: At room temperature negligible hazard.
12. ECOLOGICAL INFORMATION

Avoid losses to the environment wherever possible, material should not be dumped to ground water.
Persistence / Degradability: Material is not biodegradable.
Ecotoxicity: No indication this material should be a risk to the environment.
Aquatic Toxicity: Negligible. Material is water insoluble.

13. DISPOSAL CONSIDERATIONS

Waste from Residues / Unused Products: The product can be recycled. Recycling is preferred to disposal or incineration. Can be incinerated or landfilled, when in compliance with local regulations.
Contaminated Packaging: Can be disposed of in same manner as the product.

14. TRANSPORT INFORMATION

Not classified as dangerous in the meaning of transport regulations.
Keep separated from foodstuffs.

15. REGULATORY INFORMATION

Not classified as dangerous or subject to labeling requirements according to EC directive 1999/45, 1272/2008.

16. OTHER INFORMATION

The information given in this safety data sheet is based on current knowledge and experience, although no representation, warranty, or guarantee is made to its accuracy, reliability, or completeness.
