THE GATE HOUSE OF CARRICK

DONEGAL, IRELAND

SEALERS

Page 1 of 1

QUESTIONS: 1-800-267-8280 or www.kryton.com

BACKGROUND

The Gate House was built in 1865 from hand cut stone. The home was occupied for 100 years by a farm manager and his family. In mid 1960 the Gate House was unoccupied and subsequently became very dilapidated. The old sandstone became very dirty and moisture was penetrating the home.

SOLUTION

Over several years the Gate House has been painstakingly re-constructed by its present owners. In May 2000, Spray & Shine was used with a high pressure sprayer to clean the exterior sandstone. The results of the cleaning were excellent. After cleaning, the stone was sealed with Krystol™ Hydrostop, which will eliminate moisture penetration and help keep the stone clean and free of mildew. The owners were very pleased with the restoration work completed.

PROJECT CASE STUDY

PRODUCT

Spray & Shine and Krystol™ Hydrostop

LOCATION

Donegal, Ireland

CONTRACTOR

I.C.C.T. Ltd.

OWNER

James & Eilíeen Doogan

DISTRIBUTOR

I.C.C.T. Ltd.

The Kryton Group of Companies.
